HD-C4 Mobile Cart

Engineered for heavy duty steel strapping, our dispenser carts are built to last a lifetime.

User Friendly

Utilizing the brake release system, the HD-C4 mobile cart can dispense strapping with a controlled tension, preventing twists and slackness of the strap during installation.

Can be used vertical or horizontal

Time Saving/Cost Saving

The HD-C4 can hold up to 3000' of 105 Ty2 Strap or 105 Ty-Cord at one time. Decreasing refill time by 75%.

The HD-C4 can hold all different widths of straps and dispense from both sides at the same time.
